

Are you looking for a teenage female to be a permanent member of your family? If you are, then it is your lucky day! I am a 14-year-old female who is need of a permanent family. I am not a picky eater and will eat almost anything; however, my favorite foods are pizza and Chinese. I enjoy a variety of activities, but some of my favorites are swimming, riding my bike, going for walks, going to the park, putting puzzles together, and playing board and video games. Believe it or not, I really enjoy school because I love learning new things. I have not been involved in a lot of activities and would really enjoy being able to be involved in soccer. As for my future, I would really like to be a veterinarian. When asked what would I want a family to know about me, I responded: "I am very kind to animals and kids. I also want a regular family who will do fun, family things together and who will support me and keep me safe".

At this point in my life, I am not particular about whether my permanent family is a married couple or a single parent. I could live in either the city or the country. Even though I enjoy playing with other kids, I am open to a family where I would be the only child or to a family who has several children.

If you would like more information about me, please contact my adoption worker, Jennifer Teats, who works for Children's Aid Society in Clearfield County. Her phone number is: (814) 765-2686 ext. 214.

Her email address is [jennifert@childaid.org](mailto:jennifert@childaid.org).

Melody's parents' rights are not yet terminated; however, the county is in process of filing the paperwork to complete such.
