CONSENT FOR DEVELOPMENTAL SCREENINGS AND ASSESSMENTS

As part of our high quality services, Children's Aid Society Child Care and Pre-K Counts staff complete ongoing observation, assessments, and initial screenings on all enrolled children. This helps in our planning of classroom and individual child goals. We provide parents with a copy of the results. At that time, parents are also offered an opportunity to meet with teachers or the Team Leader to discuss their child's progress and goals.

The observation and assessment tool used is Teaching Strategies GOLD. The screening tool used is the Ages & Stages Questionnaire and the Ages & Stages: Social Emotional Questionnaire.

I understand that my child _____ will have ongoing observations, assessments, and screenings completed ongoing during the course of his/her enrollment at Children's Aid Society.
