

Notice of Video Cameras In-Use on Premises

Security cameras are installed in all care spaces in the Children's Aid Society Child Care Center, with the exception of restrooms. These cameras are closed-circuit cameras and are always on. This is the formal notice of these cameras in use on the premises. These cameras are for the protection of all individuals within our building and are only reviewed if the need arises.

Photographic Release

During the course of daily program activities, photographs are occasionally taken. These photographs are used for decorative layouts, public relations activities, and special projects. We ask that you sign this release form with the understanding that all such pictures will be used to present the program and the children attending the program in positive, constructive, situations.

_____ I hereby agree to allow Children's Aid Society to photograph my son/daughter during the normal daily schedule of activities while he/she is attending for use in the **Child Care Program ONLY** (projects, art display in the building, gifts to parents).

_____ I hereby agree to allow Children's Aid Society to photograph my son/daughter during the normal daily schedule of activities while he/she is attending the Child Care Program for **use in the CAS building(s) and in PR**. I understand that such pictures may be used for a variety of purposes included but not limited to special projects, public relation efforts, social media, and for decorative purposes throughout the building. First and last names will not be posted on public relations materials. I also understand that although the pictures are the property of Children's Aid Society, I may exercise the option of paying for and receiving any prints I choose which include my child.

Unless otherwise indicated by written notice, this release will remain in effect throughout the term of enrollment of my child at the Children's Aid Society Child Care Center.
