

Meet the Ferson family

Hi, we are the Fersons, Jim and Vanessa! We've been together 14 years and have been married for four years. We live in a three bedroom ranch style home in the rural Pennsylvania. We have two dogs and four cats. We would love to add a bundle of joy to our family. We love side-by-side riding, train shopping and taking vacations or day trips. Jim is a machinist who makes parts for locomotive engines, and Vanessa is a legal administrative specialist that processes retirements for the federal government. We both are very close to our families and enjoy visiting with and having family gatherings. We're willing to travel and have an open adoption, if birth family is interested.
